Appendix

Questions of clarification for Ms Boulton in relation to her report #A70.

1. At page 19 you describe the various mission stations established by the Wesleyan, Catholic, and Church Missionary Society missionaries in Otawhao, Mangapouri, and Rangiaohia and at page 3 (paragraph 8) of your summary (#A70(b)) you refer to lands being provided for such mission stations. At page 412 of your main report, Figure 28, you provide a map depicting various blocks within the Waikato confiscation district. Can you clarify whether any of the blocks shown in the area of Te Awamutu within this map depict Crown grants for such missionary lands?
2. At page 109 you discuss the Crown grant of land at Te Kopua for the mission station there and the Crown's waiver of pre-emption. Are you aware of any similar church transactions within the Raupatu extension area that might have involved a Crown waiver of pre-emption (eg at Moeawha, near Te Awamutu)?
3. Can you clarfiy whether your report analyses any Crown purchase transactions conducted in the 1850s within the Raupatu extension area and in particular around Te Awamutu (c.f. paragraph 21, pp7-8, #A70 (b))?
4. Are you aware of any Crown transactions approved or conducted by McLean and Grey during the 1850s within the Raupatu extension area?
5. Do you know how any Crown grants arising out of transactions within the Raupatu extension area were treated following the confiscation?
