Wai 898

IN THE WAITANGI TRIBUNAL

CONCERNING the Treaty of Waitangi Act 1975

AND the Te Rohe Pōtae District Inquiry (Wai 898)

MEMORANDUM-DIRECTIONS OF JUDGE D J AMBLER CONCERNING HEARING WEEK THREE, THE PLACEMENT OF DOCUMENTS FROM OTHER INQUIRIES ON THE WAI 898 RECORD OF INQUIRY AND OTHER MATTERS

19 February 2013

Tēnā koutou

1. Introduction

1.1 This memorandum-directions addresses planning issues for hearing week three and counsel nominations for documents from other inquiries to be placed on the Te Rohe Pōtae (Wai 898) district record of inquiry. I also address requests to file an amended final statement of claim and to amalgamate a number of claims, to file comments on the draft hearing week one transcript late and for an extension to file post-hearing evidence.

2. Hearing week three

Week three timetable

2.1 I confirm hearing week three will be held at Maketu Marae in Kāwhia from 4 – 8 March 2013. A final detailed timetable for the week is to be filed by the Claimant Counsel Coordinating Committee (CCCC) by **midday, Monday 25 February 2013.**

2.2 The hearing will commence with a pōwhiri at Maketu Marae at 5pm on Sunday 3 March.

Proposed site visits

2.3 Mr Singh proposed a site visit to sites of significance to his clients around the Kāwhia area (Wai 898, #3.3.74). Mr Singh noted that the purpose of the site visit is not directly associated with the theme of hearing week three but relates to the claims that his clients will present during hearing week eight.

2.4 Mr Singh's submission does not sufficiently demonstrate how the visit will assist the Tribunal in understanding the evidence to be presented during week eight. Photos may well be sufficient to illuminate the evidence. This is not to denigrate the significance of the sites to the claimants in anyway, but as Presiding Officer I must prudently manage the inquiry timetable and site visits can only be justified where they will substantially enhance the evidence to be presented. I also note that at this stage, logistical and funding details are unclear.

2.5 This is the first detailed request for a site visit. Although I understand the request was made due to the sites' proximity to the hearing venue for week three, the claimants for whom the visit is sought are to be heard in week eight. The Tribunal is returning to Kāwhia for week seven in October 2013. Mr Singh may like to invite me to re-visit this application in relation to hearing week seven. If he does so, he will need to better clarify how the visit will enhance the evidence to be heard, and tidy away any logistical and funding issues.

2.6 Mr Warren, counsel for Ngāti Mahuta, has also requested a site visit for his clients who will be presenting during hearing week three (Wai 898, #3.3.103). Mr Warren indicates that the site is within walking distance of Maketu Marae and will only take place if sufficient time is available in the timetable. Mr Warren is to provide further details on the nature of this site visit by **midday, Monday 25 February.**

Cross-examination indications

2.7 I have now received cross-examination indications from counsel for professional witnesses presenting in week three. The table below identifies those who are granted leave to cross-examine and for how long.

2.8 The estimates look manageable, though I remind the CCCC that the timetable to be filed also needs to allow time for witnesses to present their report summary (or summaries) and for Tribunal questioning.

Questions in writing for Ms Leanne Boulton

2.9 Crown counsel have helpfully indicated the questions of clarification for Ms Boulton on her land alienation overview report (Wai 898, #A67) which are able to be answered in writing following hearing week three (Wai 898 #3.3.93). I grant leave for the Crown to file any further written follow-up questions after the filing of Ms Boulton's reply. Timeframes will be set in my post-hearing memorandum-directions.

Extension requests for tangata whenua briefs of evidence

2.10 Ms Karen Feint, Ms Kathy Ertel, Mr Spencer Webster and Mr Aidan Warren have each requested an extension to file tangata whenua briefs of evidence late (Wai 898, #3.3.95, #3.3.98, #3.3.101 and #3.3.103).

2.11 I grant the leave sought. Counsel must file their tangata whenua briefs of evidence by **midday, Friday 22 February 2013** at the very latest.

2.12 I note that Mr Warren also sought to file summaries for lengthy tangata whenua briefs of evidence on the day that the witness is to be heard. This will

not allow sufficient time for staff to process the documents. Mr Warren is to file any summaries required by **midday, Wednesday 27 February 2013**.

Opening submissions

2.13 The Crown's memorandum of 31 January 2013 notes its understanding that parties will present opening submissions as each theme is heard over the course of the hearings, and that there is currently no provision in the week three timetable for this (Wai 898, # 3.3.69).The CCCC is to allow for opening submissions in the timetable to be filed.

Filing procedure and connectivity for week three

2.14 I remind parties that due to the limited internet coverage available at the hearing venue, all documents are to be filed in advance of the hearing. Filing during the hearings is discouraged. However if it is unavoidable, documents are to be filed in hard copy with the claims coordinator Jenny Syme, at the hearing. Ms Syme is to be provided with 12 hard copies, including one single-sided unbound copy. An electronic copy should also be filed with the Tribunal via the normal practice.

Simultaneous Interpretation

2.15 Mr Rangi McGarvey will be attending the hearing to provide simultaneous interpretation.

Chambers Conference

2.16 I intend to convene a chambers conference during hearing week three to discuss the forward timetable and other matters. A time and date will be advised during the hearing.

Availability of Professor Temara

2.17 I note that Tribunal member Professor Temara will need to leave the hearing early on Friday 8 March 2013 due to other commitments.

3. Extension request for post-hearing evidence

3.1 Mr Dominic Wilson, counsel for Ngāti Hikairo, requests an extension to file Mr Tom Moke's written answers to questions of cross-examination from the Crown by **Friday, 22 February 2013** (Wai 898, #3.3.105). I grant this extension.

4. Extension request for comments on hearing week one transcript

4.1 In their memorandum filed today, counsel for the Crown request an extension to file comments on the transcript of the first Te Rohe Pōtae hearing week by **Monday, 25 February 2013** (Wai 898, #3.3.108). I grant this extension.

5. Requests to file amended statement of claim and to amalgamate claims

5.1 Mr Warren seeks to file an amended final statement of claim for Ngāti Mahuta (Wai 1588, 1589, 1590 and 1591) by **Monday, 25 February 2013** (Wai 898, #3.3.103). Mr Warren indicates that there are no new claim issues to be

raised, simply that the amendment will further particularise matters as they relate to Ngāti Mahuta prior to their giving evidence during week three. I grant the leave sought.

5.2 I note that Mr Warren also filed a memorandum on 30 January 2013 seeking to amalgamate Wai 1588, Wai 1589, Wai 1590 and Wai 1591 (Wai 898, #3.3.67). Mr Warren requested that these claims be amalgamated into one claim, being Wai 1589, on behalf of Te Iti o Mahuta or Ngāti Mahuta. It is currently unclear from Mr Warren's memoranda how he wishes the Tribunal to treat these claims. Mr Warren is therefore to clarify this issue when filing the final statement of claim for Ngāti Mahuta. In particular, Mr Warren is to clarify whether Mr King, the claimant to Wai 1588, Wai 1590 and Wai 1591, wishes to vacate his individual claim numbers.

6. Documents nominated for addition to the Wai 898 record of inquiry

6.1 I gave parties the opportunity to nominate by 28 September 2012 reports they identified as having particular relevance to this inquiry for placement on the Wai 898 record of inquiry (Wai 898, 2.5.122). As I noted in my direction of 25 October 2012, the Tribunal received a large number of nominations (Wai 898, #2.5.139).

6.2 The Tribunal's Chief Historian has reviewed the nominated documents and made recommendations to me, taking into account each document's relevance to the inquiry, their accessibility to the general public and my position as noted in my directions of 20 July 2010 (Wai 898, #2.5.73 para 4.1), where I stated:

> I am advised that other Tribunal inquiries have been varied in their approach to determining what evidence Tribunal panels are able to consult when writing their reports. While we are a long way from the report-writing phase of this inquiry, I want to be clear from the outset that the Te Rohe Pōtae Tribunal panel will consult both information which is placed on the Wai 898 record of inquiry and, in addition, any secondary sources and official publications which are in the public domain.

6.3 The proposed additions to the record of inquiry comprise two main categories:

i. Technical and claimant evidence commissioned for other inquiries or for a party to this inquiry; and

ii. Research publications of general relevance to inquiry issues, such as the Tribunal's Rangahaua Whānui series.

6.4 In accordance with my directions of 20 July 2010 (Wai 898, #2.5.73), this Tribunal will consult both information which is placed on the Wai 898 record of inquiry and, in addition, any secondary sources and official publications which are in the public domain. Using this approach, the panel considers that documents in the public domain are freely available to all parties as well as the Tribunal, and therefore do not need to be placed on the Wai 898 record of inquiry. This approach prevents the record from becoming unwieldy with numerous additions that are already freely available to the general public.

Approved nominations

6.5 I attach at **Appendix A** a table of nominated reports that are to be placed on the Wai 898 record of inquiry. The Registrar is to ensure that these are entered onto the record as soon as possible.

6.6 I remind counsel that there are a large number of reports from other inquiries on the Wai 898 record, and the onus is on parties to draw to the Tribunal's attention relevant evidence they intend to rely on.

Outstanding nominations

6.7 In a number of cases, nominating counsel have not given sufficient information on the documents' specific relevance to this inquiry. These outstanding nominations are set out at **Appendix B** with instructions for counsel to further specify the documents' relevance or to highlight particular sections of the document they intend to rely on as evidence. Counsel are to file this information with the Tribunal by **midday, Friday 26 April 2013.**

Declined nominations

6.8 I attach at **Appendix C** a table of nominations that will not be added to the Wai 898 record. All of these documents are accessible in the public domain.

Crown nominations in relation to hearing week three

6.9 In their memorandum of 11 February 2013 counsel for the Crown referred to a number of research reports and Rangahaua Whānui reports which they previously nominated for inclusion on the record of inquiry that have particular relevance for hearing week three (Wai 898 #3.3.84). These nominations are also addressed in the tables below.

The Registrar is to send this direction to all those on the notification list for Wai 898, the combined record of inquiry for the Te Rohe Pōtae District Inquiry.

DATED at Whangarei this 19th day of February 2013.
