Appendix B

Ngāti Hikairo Questions of clarification for Dr Robinson on her report #A88.

1. At page 10 you refer to census data recording "Kawhia" given as a response to the iwi question. Do you accept that a large proportion of such responses are likely to have been of Ngāti Hikairo?
2. At page 11 you refer to census data recording 54% of the Māori descent population belonging to "Waikato iwi". Do you accept that a large proportion of such responses are likely to have been of Ngāti Hikairo?
3. At page 12 you refer to the Wai 1113 claim in relation to the Statistics New Zealand failure to recognise Ngāti Hikairo as an iwi in the census. Would you accept that most Ngāti Hikairo respondents would therefore be included under the name of other iwi?
