1. Introduction

The New Zealand Settlements Act 1863 empowered the governor to take land from Maori who had rebelled against 'Her Majesty's authority'. The Act provided for the declaration of confiscated land "districts" from which the governor could take any land. Furthermore, the governor was empowered to set apart "eligible sites" within the districts for settlement for colonisation.

The Act also provided for compensation to be granted to all persons with a claim or interest in land taken under the Act except for some defined classes. To determine these claims, the Act allowed for the creation of Compensation Courts.

Accordingly, Compensation Courts sat in Taranaki 1866-1874 to hear and adjudicate claims to compensation by Maori for lands confiscated (see report by J Ford, The Decisions and Awards of the Compensation Court in Taranaki, July 1991 - report commissioned by the Waitangi Tribunal). The Court heard the claims to compensation in terms of the sites set apart for colonisation, that is, Oakura block, Waitara South block, Ngatiawa Coast block and Ngatiruanui Coast block. From its hearings, the Court made awards to successful Maori claimants.

The purpose of this report is to discover if the awards of the Compensation Court for the return of land to "loyal" Maori were in fact implemented through the issue of Crown grants. The search covers the years 1867-1885 (these are the years of the Crown grant registers).

Due to the restricted nature of the research, the report aims also to suggest useful areas for further research.

2. The Compensation Court Awards Intended to be Implemented

From an investigation of the decisions and awards of the Compensation Court in Taranaki 1866-1874¹, the following information on the awards of the Courts was available:

<u>Block Name</u>	<u>Award Granted</u>
1. Oakura	Settled out of Court; whole of remaining portion of land of Oakura block not already allotted to military settlers, including Government reserves, was offered to and accepted by Maori as full compensation
2. Waitara South	Settled out of Court; <u>Puketapu</u> Awarded 6000 acres seaward of military settlements of Huirangi and Mataitawa; 1000 acres reserved for returning rebels; awarded 100 acres of Waitara town belt and reserves <u>Pukerangiora and Ngatirahiri</u> Awarded 2000 acres seaward of above military settlements <u>Waitara Natives</u> ² Awarded 125 Waitara town sections, Huripapa village (3 acres), 500 acres of Waitara townbelt and reserves
3. Ngatiawa Coast	Settled out of Court, block divided into 7 subdivisions, A to G <u>A: Pukearuhe</u> 3,458 acres <u>B: Titoki to Urenui</u> 6,450 acres <u>C: Urenui to Rau o Te Huia</u> 3,450 acres <u>D: Rau o Te Huia to Titirangi</u> All that land owned by Ngatirahiri not used for military settlements <u>E: Titirangi to Waitara</u> 1,475 acres <u>F: Land Between Waiongana & Manganui rivers</u> 10,000 acres <u>G: Land Between Manganui and Waitara</u>

¹ see report J Ford A Report Commissioned by the Waitangi Tribunal on the Decisions and Awards of the Compensation Court in Taranaki 1866-1874, July 1991.

² it is unclear which hapu/iwi were meant by the "Waitara Natives"

rivers
2,000 acres

4. Ngatiruanui coast (between Hangatahua and Kaipokonui rivers) Block divided into 4 subdivisions:
A: Hangatahua to Waiweranui
 1,625 acres
B: Waiweranui to Te Hoe
 1,250 acres
C: Te Hoe to Omuturangi
 8,275 acres
D: Omuturangi to Kaipokonui
 800 acres

5. Ngatiruanui coast (between Kaipokonui and Waitotara rivers) (a) claimants awarded total of 4,800 acres of open and available land (120 acres each), total of 11,200 acres of bush land (280 acres each)
 (b) 79 absentee claimants awarded total of 395 acres of open and available land (5 acres each), total of 869 acres of bush land (11 acres each)

However, the delineation of the acres to be awarded to each claimant were not found in the Compensation Court records.

This information was found in the Reports of the Royal Commission appointed by His Excellency under "The confiscated lands inquiry and Maori prisoners trials act, 1879", together with Minutes of Proceedings and Evidence and Appendices - known as the "Fox/Bell Commission" (see RDB Vol 30 pp 11592-11834). Appendix B No 4 to this report outlines the awards of the Compensation Court in terms of awardees and acres to be awarded.

This is ordered in the following way:

Divisions I-VI cover Ngatiawa coast block
 Division VII covers Oakura block and Waitara South block
 Divisions VIII-XI cover Ngatiruanui coast block (between Hangatahua and Kaipokonui rivers)
 Division XII covers Ngatiruanui coast block (between Kaipokonui and Waitotara rivers)

See following pages 5-8 for awards.

These awards, as outlined by the "Fox/Bell Commission", were used in this study to show the awards intended to be made to Maori by the Compensation Court and is used to compare the intended awards with the implemented awards through Crown grants (see part 4 of this report).

3. The Crown Grants Issued to Maori Under the New Zealand Settlements Act 1863 and its Amendments

The following is a listing of all the known Crown grants that were issued to Maori under the New Zealand Settlements Act 1863 and its amendments. They were found in the Registers of Crown Grants, Taranaki. These registers are held at DOSLI, Wellington (Heaphy House) and are copies of the original registers held at Land and Deeds, New Plymouth.

The listing has been sorted by all the regions appearing on the grants. The regional descriptions on the grants were often inconsistent, eg sometimes the survey district and the district were noted while other times only the district was noted.

The following listing shows all regional descriptions that appear on the Crown grants:

A. <u>DISTRICT</u>	Page
1. Okato district	10
2. Patea district	16
3. Waitara district, Raleigh-East town	17
4. Waitara district, Raleigh-West town	31

27.	Oakura town-belt	164
28.	Okato town-belt	168

An alphabetical listing of the grantees is also available but not included in this report.

Each Crown grant provided the same type of information. This included:

1. dosli ref
the source of the grant was noted (register, volume, page)
2. grant no
the number allocated to the Crown grant
3. block name
the name/description given to the block of land that was Crown granted
4. region
the region in which the land was granted - this could be district, survey district, town or town-belt or a combination of any of these
5. authorising act
the act which authorised the issuance of the Crown grant
6. grantee/s
the Maori person/s to whom the land was being Crown granted
in some cases, the grant was issued to a number of grantees, who were granted the land as "tenants in common" - this is noted
7. acres granted
the number of acres/roods/perches of land granted
8. date
The date of the issuance of the grant
in some cases, the Crown grant was ante-vested - for these Crown grants, both the date of issuance (identified by "issued") and the date that the grant was to take effect (identified by "effective") were noted
9. index no
The numbering system given to the registers of grants by the Lands Dept who dealt with the Crown grants at the time of their issuance
10. remarks
This includes a comment on where the granted land was situated, usually noting street names, rivers, streams or the sea coast
also includes inalienable provisions written on the Crown grant - in some cases this inalienable restriction has been removed by an Order in Council. These orders are noted and the place where they may be found. This usually refers to a Lands Department file or a Justice Department file, depending on the year the inalienable restriction was removed.
If any other comment was written on the Crown grant, this was noted.

4. Analysis of Information

A preliminary analysis of the information has been completed for the purposes of this report. However, for a more comprehensive analysis, further research is required.

The following aspects were investigated:

- a. In which regions were the Crown grants issued?
How did these regions relate to the "sites eligible for colonisation" (proclaimed under the NZ Settlements Act 1863)?
- b. In which years were the Crown grants issued?
How did this relate to "sites eligible for colonisation" (ie were Crown grants issued in each "site eligible for colonisation" in any one period)?
- c. How do the listing of Crown grants and the Fox/Bell Commission compare?
Did each awardee on the schedule actually receive in the form of a Crown grant the acres he/she was awarded from the Compensation Court?

4.1 REGIONAL DISTRIBUTION OF CROWN GRANTS

The following is a list of the types of regions in which Crown grants were issued.

The "site eligible for colonisation" (proclaimed under section 3 of the NZ Settlements Act 1863) in which the regional description fell is also given. When the Compensation Court sat and heard claims it adjudicated in terms of the sites set apart for colonisation, that is, Oakura block, Waitara South block, Ngatiawa Coast block and Ngatiruanui Coast block.

<u>Region (Appearing on Grant)</u>	<u>"Site Eligible for Colonisation"</u>
1. Okato district	Oakura block
2. Patea district	Ngatiruanui coast block
3. Waitara district, Raleigh-East town	Ngatiawa coast block
4. Waitara district, Raleigh-West town	Waitara South block
5. Waitara-East district	Ngatiawa coast block
6. Waitara-West district	Waitara South block
7. Cape SD, Oakura district	Oakura block
8. Carlyle SD, Patea district	Ngatiruanui coast block
9. Opaku SD, Patea district	Ngatiruanui coast block
10. Paritutu SD, Huirangi district	Waitara South block
11. Paritutu SD, Waitara-West	Waitara South block

- district
- | | | |
|-----|---|---------------------|
| 12. | Waitara SD, Waitara-West district | Waitara South block |
| 13. | Paritutu-Waitara SDs, Waitara-West district | Waitara South block |
| 14. | Ahuahu town/town-belt | Oakura block |
| 15. | Koru town/town-belt | Oakura block |
| 16. | Oakura town/town-belt | Oakura block |
| 17. | Okato town/town-belt | Oakura block |

It appears from this list that Crown grants were issued to Compensation Court awardees in all four proclaimed sites eligible for colonisation.

4.2 CHRONOLOGICAL DISTRIBUTION OF CROWN GRANTS

	<u>Region</u>	<u>Year/s Crown Granted</u>	<u>Confiscated Block</u>
1.	Okato district	1872	Oakura block
2.	Cape SD, Oakura	1880	Oakura block
3.	Ahuahu town	1880	Oakura block
4.	Koru	1880	Oakura block
5.	Oakura town	1880	Oakura block
6.	Ahuahu town-belt	1880	Oakura block
7.	Oakura town-belt	1880	Oakura block
		1881	Oakura block
		1882	Oakura block
8.	Okato town	1882	Oakura block
9.	Okato town-belt	1882	Oakura block
10.	Cape SD	1883	Oakura block
11.	Waitara district	1872	Waitara South block
12.	Waitara-West district	1872	Waitara South block
13.	Paritutu SD, Huirangi district	1880 1881	Waitara South block Waitara South block
14.	Waitara SD, Huirangi district	1880	Waitara South block
15.	Waitara SD, Waitara-West district	1882	Waitara South block
16.	Paritutu-Waitara SDs, Waitara-West district	1882	Waitara South block
17.	Paritutu SD, Waitara-West district	1900	Waitara South block
18.	Waitara-East district	1870 1871 1877	Ngatiawa coast block Ngatiawa coast block Ngatiawa coast block
19.	Waitara district, Raleigh-East town	1872	Ngatiawa coast block
20.	Carlyle SD, Patea district	1881	Ngatiruanui coast block
21.	Opaku SD, Patea district	1881	Ngatiruanui coast

According to Appendix B No 5 of the Commission's report, no land had been allocated (as of 1880), except for those in

Division V (Claim E in the Ngatiawa coast block - Titirangi to Waitara).³ From the listing of Crown grants, this does not appear to be entirely true, as there is evidence of Crown grants issued in the Waitara South block in 1872 and Oakura block in 1872. However, the number of these grants is minimal and the majority issued before or as of 1880 were fact in the Waitara-East district region (Ngatiawa Coast block).

It appears that most Crown grants outside the Titirangi-Waitara Division were allocated after the Royal Commission of the Confiscated Lands Inquiry and Maori Prisoners Trials Act, 1879.

4.3 IMPLEMENTATION OF INDIVIDUAL CROWN GRANTS - COMPARISON BETWEEN Fox/Bell COMMISSION SCHEDULE AND LISTING OF CROWN GRANTS

A preliminary comparison was made between those awards that were intended to be implemented and those that actually were. This was achieved by using the awards of the Compensation Court, as outlined in the report of the Commission appointed under the Maori Prisoners Trials Act 1879,⁴ and the collected Crown grants from the Crown grant registers (see pages __ of this report).

For the purposes of this report, restricted comparisons were made between the intended awards as outlined in the Fox/Bell schedule and the listing of Crown grants. Except where otherwise stated, approximately half the scheduled awards in each division were searched to discover if a Crown grant was issued. For a more conclusive result, a comparison of all the awards may be required.

Comparisons were made in the following divisions:

1. Division I - Pukearuhe: Waipingao to Titoki
2. Division II - Titoki to Urenui
3. Division III - Urenui to Rau o te Huia
4. Division V - Titirangi to Waitara
5. Division VIII - Stoney River to Waiweranui
6. Division IX - Waiweranui to Te Hoe
7. Division X - Te Hoe to Omuturangi
8. Division XI - Omuturangi to Kaupokonui
9. Division XII - Kaupokonui to Waitotara

Comparisons were not made in the following divisions:

1. Division IV - Rau o te Huia to Titirangi
2. Division VI - Waitara to Manganui
3. Division VII - Omata to Stoney River

In these divisions, the awardees and their awarded acres were not given in the Fox/Bell schedule.

Division I

This search showed that some Crown grants existed for some of the searched awards in Division I. However, matching the information of the intended grant with the actual grant proved problematic. In all grants found, the acres granted were substantially less than the intended acres. It is also doubtful whether some fell within Division I. Some were allocated in the Waitara-West district (Waitara South block),

while Division I falls within the Ngatiawa Coast block.

Division II

This search showed that most Crown grants were not issued to the searched awards in Division II. The one that was found fell in the correct region but was a grant for substantially less number of acres.

Division III

This search showed that most Crown grants were not issued to the searched awards in Division III. In one grant, it is uncertain whether the grantee is the correct person; the grant showed one name only while the schedule showed two. In the other grant, the acres granted were substantially less than the intended acres and were allocated in the Waitara-West district (Waitara South block), while Division III falls within the Ngatiawa Coast block.

Division V

The first 25 awards of a total 251 (representing approximately 10%) were searched in Division V. Out of the 25, 5 grantees were not found. All grants were allocated in the correct region and all acres granted corresponded exactly to the intended awarded acres.

Division VIII

This search showed slightly less than half the searched awards in Division VIII were Crown granted. The grants were for land in the Okato district/town/townbelt. These regions fall in the Oakura block, while Division VIII falls in the Ngatiruanui Coast block (northern portion). The granted acres varied when compared with the intended acres. Some grants were for considerably less than intended, while one grant was issued for twice the number of acres intended.

Division IX

This search showed that approximately half the searched awards in Division IX were awarded. All except one were allocated in the Okato district/town/townbelt (Oakura block), while Division IX falls in the Ngatiruanui Coast block (northern portion). One was even allocated in the Waitara-West district (Waitara South block). Some of the acres granted matched the acres intended, while some were considerably less. One awardee received substantially more than intended by the Compensation Court.

Division X

The first 10 awards of a total 94 (representing approximately 10%) were searched in Division X. All 10 awards were granted, although they were allocated in the Okato district, Ahuahu town, Oakura town-belt and Koru town regions (Oakura block), while Division X falls in the Ngatiruanui Coast block (northern portion). No grantee received anywhere near the intended acres.

Division XI

A small number of the searched awards in Division XI received Crown grants for land. However, their grants were for amounts of land substantially less than intended and were located in Ahuahu town (Oakura block) and Waitara-West district (Waitara South block), while Division XI lies within Ngatiruanui Coast block (northern portion).

Division XII

The first 15 awards of a total 120 (representing approximately 10%) were searched in Division XII. Of the 15 searched, only one was found. Although in the appropriate region, it was a grant for less acres than intended.

5. Issued Arising and Further Research Recommended

From the preliminary comparisons made, the issues appear to be whether:

1. A large number of grants were never issued to Maori as compensation for lands confiscated.
2. A larger number of grants were implemented in some regions more than others.
3. Very few grants were issued before 1880.
4. A large number of grants were issued around September 1881 - it appears that the three reports and inquiry of the Fox/Bell Commission precipitated the further issuance of grants. (The Fox/Bell Commission appointed under the Confiscated Lands Inquiry and Maori Prisoners' Trials Act 1879, reported in March, July and August 1880.)
5. Those awardees that did receive grants were returned less land than had been promised - in most instances there was a substantial loss in the amount of land granted to that promised.
6. It appears that not all who received grants were returned land in the intended region.

These aspects may require further investigation:

1. Why were a large number of grants never implemented?
2. Why was there such an obvious regional discrepancy in the implementation of the Crown grants?
3. In the areas where very few Crown grants were implemented, was there no land available for the return of land?
If so, who was the land occupied by?
Had the available land been prioritised for settler/military settler use?
4. Why did most grantees receive considerably less land than intended?
Was there any compensation for them not receiving the full amount promised by the Compensation Court?
5. Why did some grantees receive land in areas not intended?
How did their granted land correlate with their tribal rohe?

6. Sources Used and Research Methodology Adopted

The following sources were used to discover all the Crown grants that were issued under the New Zealand Settlements Act 1863 and the New Zealand Settlements Amendment Act 1865:

They were all found at DOSLI, Wellington (Heaphy House). They are the copies of the original registers that are held at Land and Deeds, New Plymouth.
